Tuffhoze is a new hybrid garden hose, combining the best of PVC and textile hose technology, to create a hose that is lightweight, amazingly flexible & super tough!

NEW Tuffhoze page 17

Up to 50% lighter than traditional hoses, Tuffhoze is kink free, easy to manoeuvre and easy to store on a Cart or Hose Hanger.

The Dura-Tech inner core provides incredible flexibility and maximum strength, whilst the Tuff-Fibre woven outer layer ensures durability for long lasting wear - proven by its 30 year guarantee.

This super tough hose has a high pressure burst resistance of 40+ bar, guaranteed length and constant, high water flow even at low temperatures, for complete consumer satisfaction.

Stylish in grey, Tuffhoze is fully compatible with all accessories - simply 'Click and Connect'!

NEW Rose Spray Gun page 30

The Rose Spray Gun has all the features you need to water your garden, in a high-impact promotional display.

The fine rose spray pattern will gently water flowers and plants, without damaging them.

The handle has been completely re-engineered, so you can water the whole garden in total comfort and with one hand.

At the front, you'll find the new soft touch trigger, complete with an on/off trigger lock so your hand won't get tired.

At the back, we have added a smooth thumb control, to easily adjust the flow to best suit your garden.

The Rose Spray Gun is an attractively priced promotional offer, presented in an eye-catching quarter-pallet display.

NEW Select Controller page 41

With its modern design and easy adjustment, the new Select Controller timer will appeal to gardeners who are new to automatic watering.

Offering complete ease of use, this timer includes:

- 16 watering programs: from 4 times per day up to once a week
- Watering duration of 60 minutes maximum
- A "water now" function of 60 minutes

Thanks to its removable front panel, that allows the user to replace the batteries easily, and with 16 preset multi programs, the Select Controller is extremely easy to implement in the garden. As it works at very low pressure (0,1 bar), it can be connected to a rain water butt tank to control a micro irrigation installation.

Natural Gardening

Get into green with natural gardening. Today's gardeners are reaching less for chemicals and more for organic and natural solutions to create their green garden.

Gardens can flourish naturally with the help of Hozelock's new Pure range - a collection of gardening equipment that helps consumers to really connect with their gardens and to care for the environment at the same time.

Combining design features that ensure the highest effectiveness and ease of application for natural products, it's a sure recipe for success.

Pack Quantity

10

Barcode

Produce homemade nutrient-rich liquid feed out of plants such as nettles and comfrey.

An efficient way to fertilise your plants and to prevent plant diseases.

The closed tank has a lid and mixing action to ensure that the leaves decompose quickly whilst the pungent smell is contained within the mixer.

Easy to use filter to drain the liquid and integrated tap to recover the fertiliser.

How to use it?

- 1 Cut 1kg of plants and place them inside the tank.
- 2 Add 10L water.
- 3 Close the lid, and stir thoroughly every 2 days.
- 4 After about 10-15 days, when there are no longer bubbles rising to the surface, the maceration is complete.
- 5 Filter.
- 6 Recover the liquid fertiliser in an opaque drum.
- 7 Dilute your plant fertiliser with water. The dilution is indicated in the usage booklet. (between 5% and 20%)

Use it with a sprayer or watering can.

Auto Reel - the automatic rewind hose reel

Watering your garden and storing your hose is so easy with Auto Reel.

It smoothly unwinds only the amount of hose that you need.

When you are finished, the automatic rewind system effortlessly stores the hose away, with no kinks or tangles.

*Terms and conditions apply. www.hozelock.com/guarantee

Use all over your garden
The multi direction wall hanger rotates 180° to follow you around the garden or sit neatly against the wall.

Always ready to go
The built in hose stop prevents the hose fully retracting so it is easily available every time.

Convenient storage
The hanger on the 2401, 2402 and 2403 has storage space for spray guns and accessories to help keep your garden tidy.

Quick to fit or remove
The wall hanger design and carrying handle means you can quickly put the Auto Reel on the wall or take it off again.

Safe and secure
Features a child lock for reassurance and a padlock* fixing point for security.
*Padlock not included.

Hose

Hozelock garden hoses are flexible, strong and easy to use.

Our innovative hose range has the perfect solution for any type of garden to meet all of your watering needs.

Tuffhoze - advanced hybrid hose technology

NEW Advanced hybrid garden hose, combining the best of two hose technologies.

Traditional PVC:

- Dura-Tech inner core for incredible flexibility and maximum strength.
- High pressure burst resistance 40+ bar, in conjunction with the outer textile layer.
- Constant, high water flow even at low temperatures.
- Guaranteed length.

Textile:

- Tuff-Fibre woven technology ensures enhanced durability for long lasting wear.
- Amazingly flexible, effortless to manoeuvre and store.
- Kink free & ultra lightweight.
- UV resistant & easy to clean.

Includes:

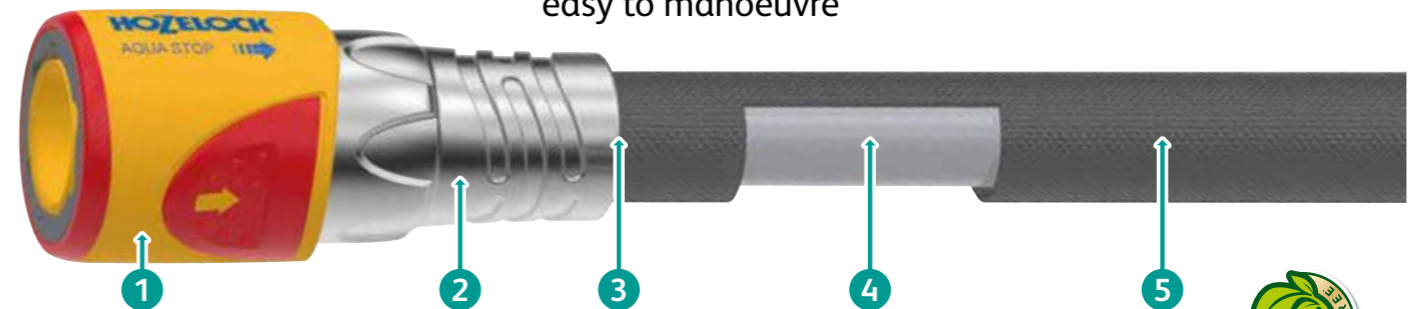

Compared to traditional hoses:

✓ Up to 50% lighter

✓ Kink free & easy to manoeuvre

✓ Super tough & durable

- 1 Hozelock quick connect system**
Compatible with all accessories.
- 2 Premium metal fittings**
Deliver a hard wearing connection that is built to last.
- 3 Guaranteed leak-free fittings**
Ensures a water tight connection.

- 4 Dura-Tech PVC inner core**
For maximum flexibility and strength.
- 5 Tuff-Fibre woven technology**
Ensures enhanced durability and ultra light-weight.

Not all connectors are made equal, see what makes ours the best

1 Water Stop Valve (AquaStop only) Manufactured from ABS for impact resistance and rigidity. Stops water after removing the watering device.	2 Connection Grip Manufactured from Dupont Delrin® Acetal with a silicone additive for ease of use. Triple connect point for the strongest possible connection.	3 Outer Sleeve Manufactured from ABS for impact resistance and strength with soft touch over-moulding for an enhanced grip.	4 Tough Inner Core Manufactured from Dupont Delrin® Acetal, one of the most crystalline engineering thermoplastics, to bridge the gap between plastics and metals.	5 Connection Grip Polypropylene teeth stay resistant to repeated stress and provide a secure hose clamp.	6 Hose Tail (Plus and Pro only) Manufactured from tough, but flexible Polypropylene for a secure hose connection that prevents kinking.

Cloud Controller - the future of automatic watering

Control your garden watering from your mobile phone! It doesn't matter if you are on holiday or at work - your plants will no longer need to suffer if weather conditions change.

- Easy to use app to control your garden watering from your mobile (Apple or Android operating system) with Hozelock hub and remote tap unit.
- App allows you to remotely set, pause and adjust watering schedules.
- App includes a local weather summary and push notifications to keep you informed about changes to weather patterns.
- Ideal for when you are away from home and weather conditions change, to remotely pause and adjust schedules.
- Each hub can control up to 4 remote tap units.

Control your garden watering from your mobile phone

- 1 Mobile app allows you to set the watering schedule whilst away from home.
- 2 Hub plugs directly into internet router for secure connection and simple installation.
- 3 Hub links wirelessly with remote tap unit that can be positioned up to 50m away in the garden.
- 4 Each hub can control up to 4 remote tap units.

*Requires Smartphone with Apple iOS or Android operating system, Ethernet Port and internet connection. Requires 2 x AA 1.5v Lithium/Alkaline batteries - not included.

Sprayers

Sprayers can be used for a number of different purposes around the garden, including killing weeds and protecting or feeding plants.

The Hozelock sprayer range comes in a number of sizes to ensure they can treat your garden without the need to refill constantly.

Hozelock 'Last Drop' technology ensures zero wastage so every last drop of fertiliser or chemical is used before refilling.
